## MFA Mortgage Investments, Inc. Announces Third Quarter 2008 Financial Results

MFA Mortgage Investments, Inc. (NYSE:MFA) today reported net income of \$48.0 million, or \$0.24 per share of common stock, for the third quarter ended September 30, 2008. On October 1, 2008, MFA announced its third quarter dividend of \$0.22 per share of common stock, which was paid on October 31, 2008 to stockholders of record as of October 14, 2008. As of September 30, 2008, MFA's book value per share of common stock was \$5.85.

Stewart Zimmerman, MFA's Chairman of the Board and Chief Executive Officer said, "We remain focused on high-quality Agency MBS and our portfolio spread has now trended up for seven consecutive quarters. This upward trend in spreads is due primarily to declines in borrowing costs, as both the Fed Funds rate and LIBOR have generally trended down over this period. LIBOR, however, has spiked up over the last several months due to well publicized asset and liquidity issues affecting interbank lending transactions. We currently anticipate that this sharp increase in LIBOR will have an impact on MFA's borrowing costs in the fourth quarter resulting in some reduction in spread. Beyond the fourth quarter, we presently expect MFA's borrowing cost to continue its downward trend in 2009 as coordinated global actions have greatly restored the capital base and reduced funding risks for many of the world's largest financial institutions."

"At September 30, 2008, approximately 99% of our assets consisted of MBS issued or guaranteed by an Agency of the U.S. government or a federally chartered corporation, other MBS rated AAA by a nationally recognized rating agency, MBS-related receivables and cash. Due to recent market volatility and credit issues throughout the financial system, we continue to maintain a modest leverage multiple and are not currently purchasing new assets. At September 30, 2008, our debt-to-equity multiple was 7.2x and our liquidity position was \$601 million, consisting of \$438 million of cash and \$163 million of unpledged MBS. Our quarterly dividend annualized provided investors with a 15% yield relative to our quarter-end book value."

1

"Unprecedented disruptions in the financial markets have escalated in the second half of 2008 and investment and commercial bank liquidity and capital have remained highly stressed. In response, on October 14, 2008 the U.S. Treasury announced its plan to purchase \$250 billion of senior preferred shares from qualifying U.S. institutions. Nine major institutions have committed to the program for an amount totaling \$125 billion."

"During this continued period of market dislocation, various government actions have been attempted to address credit and liquidity issues. The one government action which we believe will eventually have the largest positive impact on MFA occurred on September 7, 2008, when Fannie Mae and Freddie Mac were placed under conservatorship by the Federal Housing Finance Agency (FHFA). At this time, the U.S. Treasury agreed to purchase senior preferred stock in Fannie Mae or Freddie Mac, if needed, to a maximum of \$100 billion per company to maintain positive net worth. In return, Treasury received warrants to purchase 79.9% of each company. As a result, we believe there is now significantly stronger backing for these guarantors of our Agency MBS holdings and, eventually, that this will be positively reflected in the pricing of these securities as liquidity returns to the residential MBS marketplace."

At September 30, 2008 Agency MBS and related receivables constituted approximately 93.4% of MFA's assets, AAA-rated MBS and related receivables were approximately 2.0%, and cash was approximately 4.1%. The remaining 0.5% of assets consisted primarily of interest rate swaps, real estate, securities rated below AAA and goodwill. The average cost basis of our MBS portfolio was 101.26% of par at September 30, 2008. MFA's MBS assets continue to be financed with multiple funding providers through repurchase agreements. As of September 30, 2008, our portfolio was financed with 16 repurchase agreement counterparties.

During the third quarter of 2008, MFA's portfolio spread, which is the difference between MFA's interest-earning asset portfolio (including cash balances) net yield of 5.21% and its 3.60% cost of funds, was 1.61% versus 1.38% for the second quarter of 2008. During the third quarter, MFA's MBS net spread, which is the difference between MFA's MBS net yield of 5.30% and its cost of funds was 1.70% versus 1.51% in the prior quarter. In the third quarter of 2008, MFA's costs for compensation and benefits and other general and administrative expense were \$4.7 million.

MFA's primary focus is high quality, higher coupon Agency hybrid and adjustable-rate MBS assets. The MBS in MFA's portfolio are primarily adjustable-rate or hybrids, which have an initial fixed interest rate for a specified period of time and, thereafter, generally reset annually. Assuming a 15% Constant Prepayment Rate (or CPR), approximately 23% of the MBS in MFA's portfolio are expected to prepay or have their interest rates reset within the next 12 months, with a total of 79% expected to reset or prepay during the next 60 months.

MFA takes into account both coupon resets and expected prepayments when measuring the sensitivity of its MBS portfolio to changing interest rates. In measuring its assets-to-borrowing repricing gap (or Repricing Gap), MFA measures the difference between: (a) the weighted average months until coupon adjustment or projected prepayment on its MBS portfolio; and (b) the months remaining on its repurchase agreements including the impact of interest rate

swap agreements. Assuming a 15% CPR, the weighted average time to repricing or assumed prepayment for MFA's MBS portfolio, as of September 30, 2008, was approximately 37 months and the average term remaining on its repurchase agreements, including the impact of interest rate swaps, was approximately 16 months, resulting in a Repricing Gap of approximately 21 months. The prepayment speed on MFA's MBS portfolio averaged 10.3% CPR during the third quarter of 2008.

Stockholders interested in participating in MFA's Discount Waiver, Direct Stock Purchase and Dividend Reinvestment Plan (or the Plan) or receiving a Plan prospectus may do so by contacting BNY Mellon Shareowner Services, the Plan administrator, at 1-866-249-2610 (toll free).
